

I'm betting on you NOT showing up.

When: Tuesday March 26th 830am-4:00pm

Where: Trenton NJ

If you're sick and tired of the way this state is being run, come join us to let Murphy and the rest of the NJ legislation know. WE THE PEOPLE OF NJ are sick and tired of being over taxed, under represented, and cast aside as the 3rd tier of citizenry.

Our rights as taxpayers are being trampled daily all while illegal immigration continues to be protected and funded by our tax dollars.

This is a rain or shine event. Bring water and snacks for the day as we will be marching up and down State street. The petition for recall will be available to sign at the event.
